

*In times of war and uncertainty, this year Astimac  
have decided to send a gift to Unicef in their work  
with women men and children in need  
Seasonal greetings from Astimac*

**We have given a donation to UNICEF enabling them to reach even more children around the world.**

UNICEF work with families, communities and governments in more than 190 countries worldwide to protect and promote the rights of all children.

Thanks to this donation UNICEF can reach even more children to ensure that their rights are protected.
